Sir,

(Mr 178-30) Z With reference to Government Order No L 8928-9/L1 43-30-9 dated 30-4-1931, sanctioning the levy of a Sanitary Cess (at 2 percent per annum of the rental value fixed for house tax), subject to the condition that latrines of the flush type will be exempted from the payment of the cess for a period of three years, I have the honour to state that it is not clear whether the exemption from payment of the cess referred in the Government Order terminates on the expiry of three years from the date of the Government Order, or whether the exemption is current for a period of three years in the case of each flush latrine, irrespective of the date of its construction I request that Government may be pleased to kindly make this point clear In this connection, I beg to suggest for the consideration of Government that a liberal interpretation may be given to the Government Order so as to make the exemption applicable to flush latrines individually, whether they have already been constructed or will be constructed in future This will serve as an encouragement to house owners in the City to have flush latrines, which is one of the matters of improvement required in the City

I have the honour to be,
Sir,
Your most obedient servant,
B P Keshava Iyengar
President

amount to an Exemption in perpetuity and is perhaps not asked for by the Municipality

(2) may be allowed if Govt wish to show a Concession - This seems to be the recommendation of the President

(3) involves the least loss of revenue and would be preferable from a financial point of view particularly as the Municipality has given through (A) its funds and is badly in need of resources
